<tr>
<th><strong>Duration</strong></th>
<th>35–40 minutes</th>
</tr>
</thead>
</table>

**Teacher Prep Time**
5 mins

**Preparation necessary**
Photocopy student worksheets

**Materials provided**
- Student Worksheets (student)
- Appendix (background)
- Picture, worksheets
### Additional materials (optional)
- Elastoplast Sport Rigid Strapping Tape (38 mm preventative taping for ankles)
- Elastoplast Sport Elastic Adhesive Bandages (50mm)

### Teaching strategies

1. **Research Activity – Ankle Taping**
   Students to research the correct procedures for taping ankles via internet then put procedures in correct order. Class to discuss each procedure and then form into pairs to implement ankle taping techniques.

2. **Discussion Activity - Injury Management**
   As a class, go through each injury management strategy and discuss the correct answer for each injury.

   Students are to complete the activity worksheet with appropriate sports injury management strategies.
